MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 8 to Contract No. PR-8200 with
The Perkin-Elmer Corporation, Project OXCART

1. This memorandum contains a recommendation submitted for con-
currence of the undersigned. Such recommendation is contained in
Paragraph 6.

2. Contract No. PR-8200 with the subject Contractor provided for
engineering, design, production, test and delivery of six (6) Photo-
graphic Reconnaissance Systems in connection with the OXCART Program.
This Amendment No. 8 has been drawn to cancel further work by the Con-
tractor on three (3) of the Reconnaissance Systems effective 11 June
1962, pursuant to a stop order issued in Message [redacted] 2000. The amend-
ment also incorporates certain additions to the work scope; adjusts the
estimated cost and fixed-fee to reflect the foregoing cancellation and
additions; and provides for an installment obligation of [redacted] on
the total contract price. By reason of this Amendment No. 8 the total
estimated contract price is [redacted] inclusive of a fixed-fee [redacted]
This fee is [redacted] of estimated cost. A computation of cost and fee
adjustments resulting from this Amendment No. 8 is attached.

obligated as follows:

25X1A

This Amendment No. 8 obligates an additional [redacted] chargeable to
Fiscal Year 1963 OXCART Funds. By concurrence to this memorandum the
Chief Budget and Finance signifies that sufficient funds are available
for this obligation.

4. The services and equipment being procured by this Amendment No.
8 are in furtherance of the OXCART Program, the nature of which cannot
be publicly disclosed for security reasons. The undersigned Contracting
Officer therefore determines that this procurement must be accomplished
by negotiations pursuant to the authority of Section 3(a) of PL-81-110
and Class Determination and Finding, OXC-2122, signed by the DDCI on
25 October 1961.

5. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

6. Concurrence in Amendment No. 8 to Contract No. PR-8200 is recommended.
